BOOK NOW

The Sustainable Communities Conference is a one-day event connecting and supporting communities across The Hills Shire. The conference will provide opportunities to discuss communities of interests and community planning, community governance, building social capital, improving community well-being and social services, strengthening collaboration and partnerships.

WHO SHOULD ATTEND?

Councillors, CEOs and directors of not-for-profit organisations, managers and Council employees (working in community and economic development), community groups, youth workers, community and cultural development workers and stakeholders.

BY ATTENDING THIS CONFERENCE, YOU WILL GAIN KNOWLEDGE ON:

- Advocacy and strategic input and advice to government about community issues and the organisations that support them;
- Sharing information and research around building capacity and optimising resources;
- Building relationships with key stakeholders to develop a cross-sectoral response to address issues relating to The Hills;
- Identifying potential pathways and referral options for communities of interest; and
- Providing best-practice examples/models for work and professional development.
